Clearview[®] Mono

Clearview Mono

Two-step technology provides a quick, easy solution for diagnosing Infectious Mononucleosis.

Clearly different

Clearview's patented innovative technology provides highly sensitive and specific tests for Infectious Mononucleosis (IM).

- **Rapid Response:** Two-step test, with results in 5 minutes.
- **Simplicity:** CLIA waived*, easy-to-use test requires no training.
- **Reliability:** Built-in control ensures accuracy.
- **Flexibility:** Use with multiple sample types — whole blood, serum or plasma.

Clearly better

Clearview Mono provides a clear solution to the common challenge of diagnosing Infectious Mononucleosis (IM).

- Immediate therapy reduces time of discomfort for patient.
- Minimizes the risk of more serious illness.
- Reduces the spread of virus to others.

** for whole blood specimens*
