Clearview[®] H. pylori

Clearview H. pylori

Two-step technology provides direct detection of H. pylori antibodies.

Clearly different

Clearview's patented, innovative technology provides highly sensitive and specific tests for H. pylori.

- **Rapid Response:** Two easy steps, positive result in as soon as 1 minute.
- **Simplicity:** CLIA waived,* easy-to-use test requires no training.
- **Reliability:** Built-in control ensures accuracy.
- **Flexibility:** Use with multiple sample types — whole blood, serum or plasma.

Clearly better

Clearview H. pylori provides physicians with fast results for early diagnosis.

- Allows patient to start therapy sooner.
- Reduces the risk of developing more serious illnesses.
- Reduces the likelihood of complications.

* for whole blood specimens

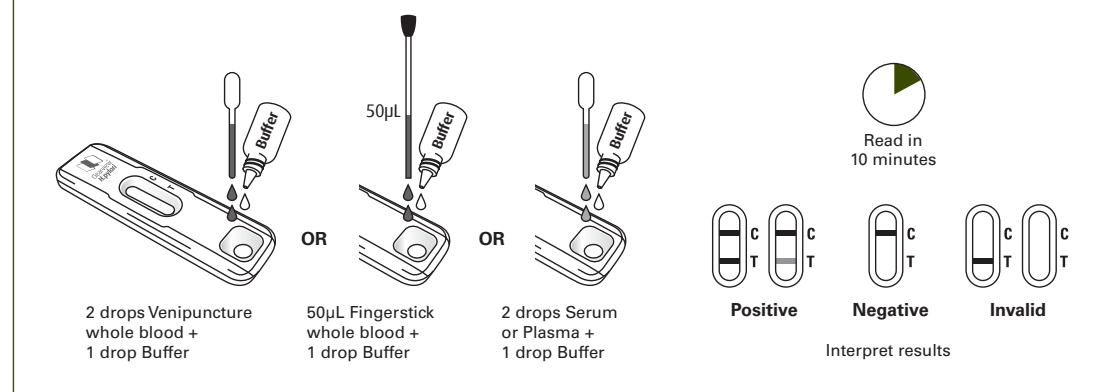

Clearview H. pylori
